

RGW Security Services
Set Security for the Film Industry
Proposal and Information

provided by

RUSSELL WESTON

*“RGW Security Services, provided our production
-For a nationally syndicated television show- with
security services that were beyond our expectations
with professionalism, quality and our budget in mind.....”*

Whether you are producing a big budget feature or a small independent film, security for your cast, crew, equipment and production can't be far from any producer's mind. With so many things to worry about, especially getting your project in the can and on to post; you can not be bothered with the myriad problems a lack of security on set can cause.

RGW can provide set security for:

- Independent Productions
- Feature Films
- Television Programs
- Multi-Location Shoots
- Celebrities on and off set
- Vehicle and Equipment Security
- 24 / 7 Set Security
- Background Checks
- Security from Paparazzi
- Remote Camera Set Ups
- and more.

CLIENT STUDY:

RGW recently provided set security services for the reality program, REALITY RACING, THE ROOKIE CHALLENGE for SPIKE TV. For that three month production we offered the producers every possible security measure for the super secretive program including:

- Cast and Crew Travel Arrangements
- Special Guest Travel and Security
- Vehicle Checks and Parking Security
- Crew I.D.
- Background Checks
- Equipment and Specialty Materials Handling
- Specialty Track I.D. and Admissions
- Complete Set and Location Security
- Local Authority Liaison
- Complete Communications
- Emergency Set Evacuation Planning
- Control of All Entry and Access Points
- Full Location Patrol

THE COSTS:

Every production is different and special to every producer. As we have completed jobs for projects and films in the tens of millions of dollars to small independent productions in the micro-budget range; we can work with almost any budget. When you are nearing the time of production, give us a call to see how we can provide you with the piece of mind you deserve.

IN CLOSING:

RGW is the right choice and the right solution for all of your set security needs.
